WEEK 1 · RE-ENTRY

Get Your Groove Back

3 strength days. 2 bike days. 45 to 50 minutes.

MON	Strength A
TUE	Bike: Zone 2
WED	Strength B
THU	Rest
FRI	Strength C
SAT	Bike: Intervals
SUN	Rest

The one rule this week: leave reps in the tank. Showing up 3 times beats one heroic session and a missed week.

MONDAY WEEK 1

Strength A

Full body · Leg press focus

⏱ 45 to 50 min

Warm up (5 min): easy bike, then 2 or 3 lighter ramp-up sets on lift 1.

1 Leg Press

2 sets | 6-8 reps | Rest 3 min

Full depth you can control.

2 Barbell Bench Press

2 sets | 5-6 reps | Rest 3 min

Use DBs if you have no spotter.

3 Seated Cable Row

2 sets | 8-10 reps | Rest 90 s

Pause 1 s at your chest.

4a Seated Leg Curl

2 sets | 10-12 reps | Rest 60 s

Superset with 4b.

4b Machine Lateral Raise

2 sets | 12-15 reps | Rest 60 s

Stop every set with **3 to 4 reps left in the tank.** Re-entry week. Finish feeling good, not wrecked.

Bike: Zone 2

Assault bike · Easy and steady

⏱ 25 min

25 min

Steady, smooth pace the whole way.

Effort: 3 to 4 out of 10

About 60 to 70% of your max heart rate.

Talk test

You can speak in full sentences. Only a few words? Back off.

Watch the drift

The assault bike creeps harder than you think. Keep it easy.

This builds your aerobic base and helps your legs recover from Monday.

WEDNESDAY

WEEK 1

Strength B

Full body · RDL focus

⏱ 45 to 50 min

Warm up (5 min): easy bike, then 2 or 3 lighter ramp-up sets on lift 1.

1 — Barbell RDL

2 sets | 6-8 reps | Rest 3 min

Bar stays on your legs. Stop before your back rounds.

2 — Lat Pulldown

2 sets | 8-10 reps | Rest 2 min

Full stretch at the top.

3 — Machine Shoulder Press

2 sets | 8-10 reps | Rest 90 s

4a — Leg Extension

2 sets | 12-15 reps | Rest 60 s

Superset with 4b.

4b — Triceps Pushdown + DB Curl

2 sets | 10-12 each | Rest 60 s

Stop every set with **3 to 4 reps left in the tank.** Re-entry week. Finish feeling good, not wrecked.

Rest Day

Recover so Friday counts

⏱ Off

0 training

Your legs need to be fresh for Friday.

- **Walk**
  A relaxed 20 to 30 minute walk is fine.
- **Sleep 7 to 9 hours**
  This is where the training actually turns into progress.
- **Eat your protein**
  Aim for protein at every meal.

Rest is part of the plan, not a break from it.

Strength C

Full body · Hack squat focus

⏱ 45 to 50 min

Warm up (5 min): easy bike, then 2 or 3 lighter ramp-up sets on lift 1.

1 Hack Squat (or Leg Press)

2 sets | 8-10 reps | Rest 2-3 min

Take 2 s on the way down.

2 Incline DB Bench Press

2 sets | 8-10 reps | Rest 2 min

3 Chest-Supported Row Machine

2 sets | 8-10 reps | Rest 90 s

4a Hip Thrust Machine

2 sets | 10-12 reps | Rest 60 s

Superset with 4b. Swap for leg curl if needed.

4b Calf Raise + Cable Crunch

2 sets | 12-15 each | Rest 60 s

Stop every set with **3 to 4 reps left in the tank.** Re-entry week. Finish feeling good, not wrecked.

Bike: Intervals

Assault bike · Hard but repeatable

⏱ About 25 min

1 **Warm up · 8 min**
Easy, building to moderate. Finish with 2 quick 10 s pick-ups.

6 rounds
20 s HARD then 100 s EASY

2 **Hard = 8 to 9 out of 10**
Not an all-out sprint. Your last round should match your first. If power falls off badly, stop there.

3 **Cool down · 5 min**
Easy spin until your breathing settles.

Sunday is rest, so your legs are fresh for Monday.

SUNDAY

WEEK 1

Rest Day

Reset for Week 2

⏱ Off

Check in

Did you get all 5 sessions done? That is the win this week.

Next week

Main lifts go to 3 sets, stopping 2 to 3 reps short. Bike: 30 min zone 2, 8 interval rounds.

Log your weights

Write down every load from this week. That is your starting point.

Consistency first. The weights will follow.
